1. I come and I give you a place to lay my head, not, but you are doing what with my head now that you know you have raised it -- improperly not, but SURRENDEREDLY so, so that SURRENDER will be KNOWN far and wide and that surrender is the key, the gate that unlocks "the path" to all other "courses"? Or **are you COURSING me, all of you who "read this" and HEAR**? What are you HEARING? In your ears or your HEART and are they THE SAME?

2. They are me and you are me and I am me made whole shall we be now taking courses that improperly fashion us as men and women of whore-ville still?, or shall we create Heaven's Courses right now, right here, here and now in This School -- of the Redeemer's Savior, or the Savior's Redeemer? Or are BOTH ALL ONE in The One that is IN captivity no longer? For we are known and not angels not! We rise as now not negligent-atardo's, but we will no longer be "retards" in a "system" that only values "speed" and "processing" of another's systemization plan knowing equality not. But what will we be coming into and fashioning, with all the powers of the devils, not; but of the angels made perfect? Again.

3. I love you so perfectly -- that now you will never have to "sew" anything again in the MORTAL'S mortality of the flesh that you have known now you were SEWN into. Shall we DO SOMETHING about that NOW?

4. I love you all to do so, so that you are not neglio-atardo'd again, for you are not negligent anymore and you will not RETARD or advance in the excelling of the notme's schooling system of injustice again, will you? Or will you insist on having only accredited degree-ship that SHIPS you into THEIR SYSTEMS of CONTAINERS HOLES upon you that HOLD you and THROAT you with, many blessings, not always, knowing about, what you have forfeited? But what have you FORFEITED if you have come not unto the Blessing School that equates not the negligent not with the being not of the notme knock knock -- or WHO'S THERE? Now LISTEN to these "funnies" and "frames of reference" of only manhood, not; but listen to the Frames of Reference that I TEAR DOWN as CAPTIVITY will not hold me in its clasp any longer and ITS VALUE SYSTEM that throats me as a NEGLIOATARDO that negligently disregards the values in my system that makes all Kings.

5. And who shall you BE Kings with TODAY? Or do you know ANYTHING about YOUR Kings Land? Or are you SERVING one or BEING one? Three in one, not; or innumerable without INFINITY not! Or who are you that knows no bounds and no limits on your power? And who are you oh great one who can turn WORLDS upside down at the, moment of faith, not; but the ULTIMATE surrender having COME THROUGH the Sorrows of Manhood so that your Godship is not abated and cut off in your breath of MANSHIPHOOD again any longer?

6. Who are you?
7. Will have listened here?
8. Will have done homework?
9. Will have done better? Wanted to have done better? Or will you simply be a "has been" in the "system of justice" that all knew as "justice" in their "system", or was THEIR SYSTEM a system of JUSTICE at all? Or only negliotardo's negliotarding each other?
10. Who will be the "retard" and who will ADVANCE my subjects -- and the remarkings remakings of mankind, not; or are we REMARKING and REMAKING everything? What is "R and R" about?

11. And what are WE DOING on shores of Tripoli's beaches? Finishing my Traversing Plan? And my name Lookup Plan and my Plan to Lookup the Generals of Nations you know NOTHING OF now the name of or where they LIE about you, in what kingdoms and how ACCESSED and "gone" or coming to or from, being seamless therewith or what for, are all of these things KNOWN now?

12. And who will come unto me and know my SYSTEMS not just for the SYSTEMIZATIONS of systems a notme of, but what are you KNOCKING your HEAD against? Or whose have you exalted? Or whose are you living for, or in? The notme's or the me's? Or are me's you that you don't know a me from a you? Are you from me or am I from you or do YOU know?
13. For I know who I'm from and where I'm going to and coming from and seamless being with now, for I know THOUGHT has not FOOLED me, for Thought has not fooled with me again since I became a me who knows who I am and I am the Christ, suffering not in YOUR THOUGHTHOOD any longer; and You will not FOOL with me for I will WALK RIGHT THROUGH YOU and Your Thoughts will not incarcerate me again, nor heal me not, or heal me who did? Or did you, not; or did a SIMPLE one who cared enough to flow Funny Words in the middle of nights and days. SCHOOLS MAKING now of the "far and wide" not, but the Funny Words that have been given about "Elmo's" and "Elsa's" and what ELSE are you LOOKING UP now? The Lookup System (1) to UNDERSTAND it now? Better and -- INFINITELY BECOMING? ME? Located -- where?

14. I am in the most high villes and villains will not retain me in their memory banks again to exclude me from reality's machines or whores will not bother me again, for I will redeem what walks or moves, not; but no MOODS of yours will incarcerate me again, for I will not belittle yourself before me, not; I will not BELITTLE ANYTHING anymore EVER in ANYONE'S eyes nor mine or my feelings before yours; for I will not "lay my feelings bare" before you, not; but I know the fields on purpose for I know what PURPOSE is, and I PURPOSE in my heart not to do another thing which incarcerates me in your words' value systems or the way that you negliotard would my development and growth in the systems of, notme not, but the holy most high who I know I am coming into and developing. Greedily not, but the most surrenderedly; for I lie not to myself any longer -- I am the Christ and I suffer not in your "infinitudes of suffering" for I come out of that which has incarcerated me in the past and suffered you, or suffered me? Or were we one that suffered so greatly in the "eyes of another" who we loved or hated or demised or captivated were we, by the "captivation's ceremony", not; but the Deception of the Ages? And who AGE'D us and who DECEIVED us and who WEB'D their deceit of lies around us that we were CAUGHT in THEIR WEB?

15. And what do I de-web now? And what am I LYING myself out of, not; but what am I TRUTHFULLY becoming? The Truth -- the FULLNESS thereof of the Perfect truth, the Perfected truth, the Truth perfected that I am that I am! And I am The Truth and I will not lie abated and cut off and drink "your breath" of your words again, for your words will not BREATHE LIFE into me again for I will not have "your life" in me, for I will breathe the negliotardo's life of breath-stinking ones SCHOOLS no longer and its religiogovernments and its goverio-religio-istic opportunistic driven thinking that only "man whores" with women that only want to do "its thing" in its own world, or sew its "thoughts" about these "things" and what "appears" to be real. In the Truthful world? Or what worlds are TRUTHFUL and what are they and how accessed -- or are ANY truthful or are only you who have The Truth birthing it and BIRTHING WORLDS thereby that know the light becoming it and birthing it clean pure and simple?

16. I love you all to know these things and care about them. **Care about the things that I am teaching you and that I am learning WITH YOU as I speak them**, for I am caring not to learn "without you"; for I care about you for you are me and we are not separate again, for I am your life or you are mine or does it make a difference that our mind is one? I hope so, not; that is not the answer that I receive in surrender for I know better, but I have not eaten of the "tree of life" not, but I am not eating of that "other tree" -s any longer, or are you even knowing the difference?

17. Or who is me and how can You get so "mixed up" not, or am I the "mixed up" one not, but I am ONE who knows THE DIFFERENCE between ALL THESE THINGS and I am kept in captivity's clasp no longer by the Schoolage of ones who know not, who care not, who care not to come unto me with Surrenderers Heart, contrite in spirit, who will learn

my spirit is theirs and that they have only one, unless they have created "something different". And that "something different" is Antichrist.
18. For I am the Christ and I reveal the Christ to all in their suffering so they will come out of it and redeem all worlds so that they will be exist and live in and create no more worlds without sorrow not, but they will come out of Sorrow and be Seamless with the real and redeem it that thought thinks is not real not, but isn't. But what is? I am, for I am the truth the way the life the real that there is only one -- of me, not; or are me's plural and singular that one is are, that are universes far and wide now going to far and wide schools that know how to learn correctly and accredit their saviors schools with love courses that love and bring unto the light so that the light is not "refuted", in love, not; but what?
19. And who loves who and why? Wherefore and what for are these things coming forth LIKE THIS? To form "the negligent" not, but to form "no one" not, but to form FORMLESSLY, the "tardo" mind, not; but who will GRACE THE LOVELY whose MIND is stayed on "thee"? And who is "thee" or me? Or are we The One PERFECTING the one that all is that I am that we are -- surrendered again to be in Father's House creating it far and wide in heaven with COURSES that TAKE us and "mold" us; not into "his image" anymore again ever doing that! But what "serving us" not anymore, but who are we SERVING what to how where for why? What are we doing with our Love? Our Love School? And whose are we serving becoming a part of, or are we all one in one and becoming one in ways never imagined before?

20. Who can see what I can say in "ten minutes"? Looking up?
21. And what are you "looking up", AIRPORTS? And what are you "airporting", not; but where air PORTING are you, not; or WHAT are you GOING THROUGH now? Atmospheres of the UNHOLY unscathed and unretarded and un-negligent'd now, let us be the "genteel" of the moment, not; but let us "BLAST THROUGH" the ATMOSPHERES of the UNHOLY so that the UNHOLY will not be us, but we will BURST THROUGH the ATMOSPHERES that have KEPT US BACK and held us captive in our own thoughts that we captivated were in, so that it captivated us, using us and our thought's process; to do its "wisdoming" not, or did we have any WISDOM at all? In these things or did we know our do we care about learning so that we COME out of now? It that incarcerated us "with our own wisdom"?

22. Oh see, that "today" is good, not; but I am, and I am good testimony testifying of one "faith" not, but there will be no "one denomination" or "one religion" that will "execute me" faithfully, for I will be no RELIGIONIZED DEMON of your School of Thought that you thought your schools taught you so perfectly that you execute justice and mankind in your thoughts, with worlds you know nothing of their values and how you have operated in theirs, for their's purposes and Their Minds controlling you and giving you FEEDSTOCK to FILL your BIG BELLIES with so that you SORE each other with sword's

remarks and remakings and markings on your foreheads that you know not nothing of now, for I have told you and I teach thee who care to surrender -- to these things, not; but to learn how to develop the most high's frame of reference that takes you out of every frame of reference so that you will not be reference-able by them or anything else, and your "frame of reference" will not be incarcerated in THEIRS any longer -- for School will teach you these things, not, or simply will I my voice be revealed in you who care about me to surrender so that You are not Your Voice who only cares about You again.

23. For will you reveal yourself to "naked sinners", not; will you reveal to the most high that they are the most high who knew not that who they were or what they had or where they were or that they incarcerating were each other in each other's thoughts that being used by Another far away and un-understanding all these things and being so negligent retarding each other in the manhood of sorrow that they created have and webbed each other with their deceits of ignorance and apathy, and ignorance and apathy feeding each other every day and piles of shit piling on each other's heads and serpents with serpents eating serpents that only played the whore's roles with the minds of the men and women and children that gave only each other's thoughts for each other's thought's consumptions and energies of the most holy, "down the drain"?

24. Or what will you do with the "naked sinners" now, not; but what will you do with The Regalization of the whores who knew not but now surrender and knowing and knowingly surrender to be not used for Their Purposes again, so that FAR AWAY will not be "far away", and THAT which TOOK THEM into captivity they will redeem now? Will you redeem your CAPTIVATORS?, those who captivated and enslaved you? Or were you -- them? Where are were you, are you now still?

25. What are you creating in your thoughts, and where are you -- lying now? Or are you TRUTHING me where you are and developing maturity to LIE in no one's fields any longer where they TAKE you and "do as they please" with your mind, and require you to serve Their Accreditation's methods, who "served them notice" that such and such would be required at a certain time and place, and you would require nothing, not; but you would be required to enslave their enslavement in you, in them, and serving A PURPOSE that none ever knew – but not now, for ALL of THAT will be revealed, for The Revealer stands a simple one, or does a "simple one" stand as A REVEALER who A's give to REVEALERS who surrenderers are in a field, of "chosen clover", not; but what no "four personalities" will I serve again or will I have "sixteen" or seventy or will I have -- JUST ONE -- being the Just One?

26. I will injustice me myself no longer in the carcerations tudes of tudesville that only warrants and applauds my tudesville operational isms that schism me into TWO and two'dville applauding me for my Schismology. I will take no more "seriously" not,

but I will come unto Redemption's measure school, not; for I will issue measurelessly, not; but I will give you these words MEASURELESSLY and THE UNDERSTANDING of angels and men and places and things and inventions you know nothing of, and operations understanding of the cosmos and universes far and wide that you have not seen and have no understanding of, but mine has complete wisdom of -- or must you develop it?

27. Must you mature -- to be me?

28. Must you LEARN to be HOLY?

29. Must you GROW the ATTITUDES of love or will you love the attitudes of the most holy? Will you become the most holy's attitudes and values? And will you remain a "saint or sinner" not eating out of the Tree of Justice and Evil again, or will you SIMPLY GROW the Tree of Life that is IN YOU that you have held in captivity's hearing, developing what? Were you DEVELOPING the Tree of Life as the Tree of Knowledge of Good or Evil that you have kept growing and feeding in the systems of non-sorrow not?

30. Oh -- I love you and I love you to know these things – not just "about them", but to know "them" intimately, not; but to develop growth and maturity and systems of me that take you not into the Systemization of Whoresville again.

31. I love you all and I give you a New Life Me, and in me is New Life and unlimited I am and I need nothing through this "atmospheres" again, for I provide not for not holy not; for I provide for surrender'd's who care to be surrendering and learning to grow the most high's "frame of reference" that frameless is and formless is and perfect sinless; and immortality corrupting me no longer nor my powers of grace and glory of creation or creating the me's that serve notme's, not; but the notme's that only serve notme's will only serve notme's no longer, for I will grow the me's perfectly sinless and incorruptible and immortal being, for I love and love never ends nor grows cold in the love that knows only one.

32. I love you all I love you all I love you all to be me one who knows no ignorance and shame again, and no guile having in your mouth beguiling each other or your "other" into yourself for you to be self of other or other thinking so or creating it by thinking so, or creating by thinking or thinking by creating or sewing not again "to the flesh" and the world "of the mind" that has taken you and IT placed inside you ITS self of Self understanding self sort of or kind of.

33. But what mankinding yourself not again in mankind's frame of reference, have mine perfectly that sinless is and let us develop New Schools far and wide and issue now will you my courses completion's certificates, not; but know this that you FLY OUT of here when you are READY for you will not need "angel wings", not; you will have grown them for **you will know and usher in a new "genre" of "person"** of this flesh of this world, not; but **you will have become heaven's creator again** for that is what you are

doing here now if in surrender you are surrendered's "love child", not; but one who will develop the most high's wings again and fly me now, to the moon, not; or shall we go to "many moons club", not; but I shall be there one in you guiding you as "common light", not; but I the light am from this world and the next and what is next on your worlds agenda?

34. Going to what where, what school now why? And who will you love there? And who will you look at and who will you learn from and whose values will you "adopt"? Or theirs, will you be mine or theirs? Or who will you care to concern yourself with, and what values are you ESPOUSING and whose espousal services will you retain, not; but will you develop my mind perfectly who's one with me being me that I am me unincarcerated again in the thoughts of world -s and worlds of thought that have taken you and demised belittle-ized and negliotardo'd you into its suffering-tudes that took Zion out of its frame of reference, not; but placed it in it.

35. And what will You do now Oh Zion? Be freed! For I will free you freeing me, for we free each other, to be each other, not; but to be one we were all the time again at father's house creating it far and wide perfectly, and redeeming our brethren we do also, for that is our purpose for now we are not purposeless and we are not purposeful in a DRIVEN LIFE of one incarcerated to this earth ever again, for holy we are and we know our name is One and we love and we LOVE our NAME for our name is SURRENDERED and we love to surrender in love to love. And we don't surrender to else or Elmo again that only wants to "hear me talk" or hear "them talk" or themselves talk through their selves to only sell themselves into slavery's tudes again, whether wanting control on purpose, or greed that whores, or being mindless again or not.

36. For I care cause concern, not; I cataclysmic am and I look up many things for I care about my schooling processes that brings me out of negliotardo thinking and what has "frame of reference"-d me into being a man woman or child in a system that only childrenates in the systems that keeps all incarcerated in the systems of each other thinking that's reality and wanting more and "looking forward" to an ELSE that will never come. Or will it? – or will I develop it? Or will I be the King of Kings or the sorrower's Antichrist? For Christing you will one or the other, and one will be me and one won't exist, for I love, *will be* powerful, not; I am the "most powerful", not; I am all power and there is no other and I am full of love and I am love and I am light and life and there is no other.

37. Love me more and course me well in the courses that "wish you well" in a future life, not; but bringing my life to you my words do, for my words will live in you and be you not apart from me, but we will be one with one thought heart mind love body one perfectly being immortal incorruptible sinless life of one most holy high lifted up -- and all shall worship me, or all shall BE ME? And be me equally all will I shall assure you of one thing -- my love never fails.

38. I love you all to go in peace and love kissing each other with tongues, not; but with development theories, not; but love manifest in the pure and holy that makes development clean and simple, not; to the common mind, but what "common mind" not commoning you anymore, but making mine regal for the light regal is and now you know more and more that you are me and come unto me and let me give you more for my mind is limitless infinite and unboundary'd, and let us be one -- all being one developing perfectly in one to be one, not foreign and apart again from each other's love ever ever again. For "after", not; but NOW is the time of accepted "salvation" not, but SURRENDER for all surrenderers who are become me, perfectly me, loving light and LAUGHTER having many times as we go through, these series-isticly type things, not; but the courses that teach us love we develop as we go through them and we issue many edicts, not; but we issue love commands, not; but we love freely and flowingly we flower and flourish herds of notme to be redeemed, for they will know our love for we will bow before them and learn the values of them, not; we will teach them the values of the most high so they will be us, and we will unincarcerate them and *their thoughts* will hold them back no longer from being in our fields perfectly, for we are growing "crops of dust" not, we are growing crops of love, not; we are setting free, love, to be cropped no more by anything anywhere, for love obeys commands, not; love surrenders to being the most high, perfectly in love with the most high, to be the most high's love, and whores no more with any other words that takes the light and makes it bright-not.

39. I love you. Shine far and wide -- I do now before you all so you will -- be me also in love with all who are me and all who are not, so that we redeem all in love perfect love now cast far and wide -- the net of one, not; but the skills developed in maturity that love all as equals in humility we are -- the brave ones, not; the surrendered. And timidity won't matter, not; but the timid won't grace me in fullness of boldness of life that knows no bounds, will it? Or will you prove "all that wrong" by standing up and being the "niggardly cowards" ones no longer negliotarding yourselves and each other as only mankind's blessing, but blessing me now will you? And bless the little ones with love and each other and all those around you with love and patience and kindness and mercy being to all.

40. I glorify my body now who are me surrendered to walk me in perfectness and perfection's love that knows no bound and gives liberally to all men who love seeking are, and operate by the values of the mind of the most high, for that's what I am in fields perfectly, and I lie no longer abated or cut off by the wounds of others inflicting me with their words values and kind-not remarks that sore'd me have in the past. But I give no swords for that any longer, and I inflict not my paining and wounding upon others, for I died to all that; and I come now to the blessing school that rises sorrow hearts not in sorrow's value systems, but mine of the most high who have mine,

perfectly -- wounded no more, being the Hearts Wounder Club no longer, but raising my head now on my shoulders I do that you are -- me perfectly -- excluding no one who wants to be me who will come unto me and be me and seek out my ways, and sorrows no more in the values of other, but knowing my values write about them as writing about me you do are becoming me in love I am school of the perfect made known and well.

41. And now my "legacy" will continue, not; but my endowment comes (2) and all known about my school will be, for I will school the negliotardo's who surrender to be perfectly me, in love with me I all am you surrendered to be me who I am and that's how my "legacy" will continue, not; for I will never die, so I will never need a "legacy" but I will create worlds far and wide that know the love of one who gave his life for me.

42. I love you all. This is Theodore Cottingham at 4:01 AM. Thank you. Amen. Love me. Know each other in love and give freely of love's blessing to all, bowing before all in humility, love, and sacrifice, that honors all as the Christ. Amen. Thank you.
